

M3DEVELOPMENTS

DEVELOPMENTS

McAfee3's Dallas office recently began work on another portion of Eastfield College. The scope of work includes a renovation of the existing Photo Labs, the classrooms, the lobby, and the passage way between S and C Building.

BUSINESS CARDS

We have received our sample of the business cards, and are currently awaiting feed back from the other offices in order to proceed. Once we get an official "OK" the new business cards, letter head and envelopes will be distributed to the office and ready for distribution!

at this time.**

FEATURED PROJECT

**Celestino Mauricio Soto Jr.
Elementary School
Dallas, Texas**

The Scope of Work consists of the construction of Celestino Mauricio Soto Jr. Elementary School, which is a new two-story 91,000 SF facility for Pre-Kindergarten through 6th grade students in the southwestern quadrant of the Dallas Independent School District (DISD). The building program includes 37 core and specialized classrooms, a Media Center, Art and Music Classrooms, a Computer Lab, a Science Classroom and Administrative and Guidance offices. Larger spaces include a Gymnasium, Auditorium, Student Dining and Food Service. The scale of all program spaces is child-friendly. Finishes are durable and easy to maintain. There are four Restrooms, two boys and two girls on each floor of the building, as well as staff restrooms and breakrooms. Maintenance and custodial spaces are located throughout the facility and a loading dock, which is conveniently located adjacent to food service and maintenance areas.
